Following an extensive makeover, the former Sandals Dunn's River Resort has reopened as The Jewel Dunn's River Beach Resort & Spa. Located near Dunn's River Falls in Ocho Rios, Jamaica, the property includes new room products, bed linens, technology, and pool furniture. Overlooking the Caribbean Sea, the resort is all-inclusive, which incorporates all meals, premium liquor, a pool concierge, and water sports. It features six restaurants, five bars, two swimming pools, tennis courts, an executive golf course, a sport court, beach cabanas, an updated fitness center, and a gift shop. The Jewel's full-service European Radiant Spa features eight treatment rooms, a whirlpool, a sauna, and a menu of services from facial to full-body. There are three buildings, each with mountain- and ocean-view rooms, with suites available. The Diamond Building features luxurious rooms with whirlpool tubs and balconies overlooking the lush mountains or onto the Caribbean and Dunn's River Pool. The Sapphire Building features rooms with balconies looking back to the mountains or onto the Caribbean and the pools. The Emerald Lanai are mirror image two-story buildings with rooms opening to the garden or the ocean. The Jewel bars include Sunken Treasure Swim-Up Bar at the pool, the Aquamarina Beach Bar & Grill on the beach, the Emerald Tree Lounge, Boardwalk Bar, and Jasper's Chillin' Pool & Piano Bar by the pool.
